MR. KINNEY

To Mr. Kinney the class of '47 wishes to show their deep appreciation as Superintendent in our Senior year.

He is a graduate of Bowling Green State University with a Bachelor of Science and is now mathematics and science teacher.

Mr. Kinney was teaching at Tiro prior to his entering the service in 1943. We appreciate the fact that he liked our school well enough to come back and cope with us again.

This year he coached our basketball team to county champs.
Again we express ourselves, "thanks."

MRS. FETTER

As members of the class of '47 we wish to express our appreciation of Mrs. Fetter who has been our class sponsor during the last two years.

She graduated with a Bachelor of Science from Otterbein College, and is now teaching history and Latin in our school.

Thanks to you Mrs. Fetter for putting up with our class and guiding us through stormy years.

OUR CUSTODIAN

Paying tribute to Charlie Howell, our custodian we would like to thank him for his always helpful advice and services.

He has put up with a lot of things that have been done because we didn't stop to think of the results.

To you Charlie, we would like to express our thanks and appreciation for these past years and the years to come.

OUR OFFICE GIRL

We the members of the Senior Class of '47 wish to express our thanks to Helen for all of the help she has given us in the past years of our high school life. Helen was a graduate of the class of '39 and has been the office girl for the past seven and a half years.

To you, Helen, we the Senior Class of 1947 wish to express our thanks for all you have done for us during our school days.

CLASS POEM

We're the class of forty seven,
Our roll is four plus eleven.

First on the list is our Sports Editor Eugene
With all of his experience is very keen.

Glenna Mae Smith is studious and quiet
A very good plan, if others would try it.

George Cole is a man with great renown
But with one girl is always found.

The only geography teacher in our class is Alta Baker
We hope in the futrue the subject will not take her.

Joseph Graham as a speaker, many will say
By cultivating his talent, will make a preacher someday.

Chuck Wagner hopes to become an engineer
We wish you all the luck in your new career.

The talent of Ruth Bevier
Upon the piano we hear.

Walter Burky with his ford V-8
Has taken his girl on many a date.

Zita Metzger with her flashy brown eyes
In girls athletics may take a prize.

Next on the list is Kenneth, one of our staff
He's given to us seniors many a laugh.

Irene Cole with her stack of books
Leads all, with her studious looks.

To work mathematics, Bill Baker is fast
In Physics too, he'll not be surpassed.

In fame Teresa leads the race
Chosen corn queen with all her grace.

Janette Studer with her dark brown hair
Her friendship with all none can compare.

Carl Stiving the author of this poem
Is no poet, they should have known.

We'll miss our classmates and teachers true
For leaving Tiro school is hard to endure.

CLASS PROPHESY

I, Zita Metzger, in the year 1960 holding a position as Airline Hostess on the Eastern Airlines,was called in for an interview for a position as stewardess on the presidential plane. Mrs. Fetter, my class sponsor in dear old Tiro High, was the President of the United States.

I received the position, and as I was getting acquainted with the crew members, I found much to my surprise, that the pilot was none other than my handsome, bashful, and redheaded classmate, Carl Stiving. Carl said both he and Mrs. Fetter put in a good word for me as their stewardess.

Then Carl informed me on the following day we were going to take Mrs.Fetter and another classmate of mine, Bill Baker, now Secretary of State, and hunt up the members of our class to hash over the good old days, when we gave Her Excellency many gray hairs.

President Fetter told us she was taking the opportunity of doing this while Glenna Smith, the widely known interior decorator, was using her artistic skill to redecorate the White House. Glenna was also a classmate of ours.

The next day we proceeded on our journey and while soaring through the air talked of old times.

Our first stop was in Cleveland where the Ice Capades were showing. This we decided to attend. Our seats were close to the ice, so you can imagine our surprise when the stars came forward in the spotlight and we saw none other than Teresa Rietschlin and Janette Studer. We knew both enjoyed skating in high school but never dreamed they would attain such heights. That evening was spent in much joy and chattering in Teresa and Janette's hotel where we dined.

The next day preparatory to leaving we were told that someone wished to see us in the hotel lobby. We were certainly stunned when we found Gene Flegm parked behind a palm with his toothy smile.

We called Carl, Janette, Teresa, and Bill together and spent much time talking, thereby delaying our trip for nearly a half day. During this time Gene told us that he was sports editor for the "New York Times" and informed us that Ruth Bevier was the private secretary of Van Johnson. Having rejoiced at seeing so many of our classmates we took to the air once again.

Our next stop was in Canada where Madame President had some business to transact. We went via flying over Wisconsin. In about the middle of the state we were forced to land in a very large hayfield in which there were many Holstein cows grazing. When we came down smoothly, thanks to the efficiency of our competent pilot, Carl, we saw coming toward us two very well built men. To our amazement it was George Cole and Walter Burky, owners of the field. They told us they were dairyfarming and modestly informed us it was the largest in the state. That night we were the guests of Walter and George in their beautiful home where they were competently baching it. It was a very enjoyable evening and we were all filled with sadness when the next day our plane was repaired and we said goodbye, leaving for Canada.

After leaving Canada we stopped in Olympia,Washington. The governor invited us to his home for the evening and while there we discovered that Alta Baker was also a guest in his home. Alta said she had done very well for herself, she was the president of Olympia University.

We told her about seeing so many of the former students and what they were doing.

750

Q 100

The next day we took off and landed at our destination, Hollywood, to see Ruth. She was overjoyed to see us and we related all our experiences with the former members of 1947. We parted the next day in sorrow because we were always close friends.

On our way back we stopped in Detroit to be met by a Kaiser-Fraizer car. Sitting in the drivers seat was Kenneth Stephan. This nearly knocked us off our feet. More so, when he told us he was the president of the Kaiser-Fraizer car manufacturing corporation in Willow Run.

Ken invited us to his home where we had dinner and then he drove us back to the airport after exchanging stories.

After reaching La Guardia Field in New York, we went to Carnegie Hall to hear the opera. While enjoying the music, we were surprised beyond words when Joe Graham and Irene Cole made their debuts.

We talked far into the night about days gone and Irene told us that Chuck Wagner was the engineer for the new and very large bridge being constructed across the Hudson River.

So the next day, Carl, Bill, Mrs. Fetter, and I sought out Chuck's habitat. Chuck rejoiced over seeing us and we all talked at once telling him he was the closest one to us, but we saw him last after traveling all over the United States.

President Fetter had a radio address scheduled in Washington we delivered her to the White House and she invited us to stay until it was time for us to report back on duty. While there we had a long talk with Glenna, and Mrs. Fetter asked us to help Glenna decorate one room to remind her of her memorable days in Tiro.

We all agreed that we had a very pleasant trip and it was a great pleasure to see all of our old classmates.

IDEAL BOY

While discussing our "ideal boy" we found that he would have many qualities of the Senior boys.

First of all, he would have the heighth and the eyes of Walter Burky, the wavy red hair of Carl Stiving, Joe Graham's eyebrows, the nose and complexion of Kenneth Stephan, the chin and pleasing smile of Chuck Wagner, and the build of Joe Graham, the bashfulness and the manners of Carl Stiving,Gene Flegm's"killing way with the women," the kindness of George Cole, and the personality of Gene Flegm.

Next would come the scholastic ability of Bill Baker, Gene Flegm's memory, and the musical talent of Joe Graham.

Our "ideal boy" would not be complete without possessing the basketball ability of Chuck Wagner, George Cole, Walter Burky, Bill Baker, and Kenneth Stephan.

The sum and total of the above characteristics according to the mathematical ability of the Senior girls equals our "ideal boy."

Glenna Smith, Irene Cole, and Ruth Bevier

IDEAL GIRL

While dreaming about a girl, with good looks, personality, build and everything else we would want our ideal girl to possess, we suddenly came to the realization just such a girl is in our class.

In solving this problem,the following characteristics, abilities and traits were considered.

She has the height and personality of Irene Cole, the figure of Zita Metzger, the dancing talent of Teresa Rietschlin, the music ability of Ruth Bevier.

She possesses the ability of being a good house wife like Glenna Mae Smith, the hair of Janette Studer, the neatness of Alta Baker, the flashing brown eyes of Zita Metzger, and the studiousness of Ruth Bevier.

Without leaving out the popularity of Teresa Rietschlin, the smile of Zita Metzger, the card playing ability of Alta Baker, the gracefulness of Janette Studer, the athletic ability of Zita Metzger, the complexion of Ruth Bevier, the ability to go steady of Irene Cole, and the always friendliness of Glenna Mae Smith.

This completes our judgement as seen through the eyes of the Senior boys.

A SHOPPING TRIP

After checking my shopping list, I found there was a need of many articles.

At a near by coal yards, I ordered two tons of coal. I next stopped at a BAKERy to order a cake. In the toy department of a large store was purchased a toy WAGON (Wagner) for the little boy next door, who was a GENEius for tearing anyghing apart.

The neighborhood grocery store was my next stop, where I ordered a TURKeY, and added to my other packages a box of GRAHAM crackers. After the cashier rang up my BILL I found myself with several new packages.

As I went by the RIETSCHLIN Theater, where to my surprise, the show was entitled BlackSMITH's of a century ago. When going out I CAReLessly bumped into a man who STUDdERed, and told me to watch where I was going.

Finally I was homeward bound. The street car was nearly empty so I easily got a seat. At a sudden stop, several packages dropped with a thud. The man in the next seat asked, "KEN I help you?" He picked up a few packages I had RUTHlessly dropped and I made sure they didn't drop again.

At last the street car came to my stop. Walking toward home I MET SIR (Metzger) GEORGE. After eating a hot SISling supper I totally collapsed in a large comfortable chair,ready to enjoy a nap by the fire place unFETTERed by any more cares.

High School Party

The Sophomore class sponsored the high school party given November 13, 1946. The evening was spent in round and square dancing to the music of Eugene Rietschlin's orchestra. Refreshments were served at the intermission, followed by dancing.

BASEBALL

It was in baseball that the athletic prowess of the Class of 1947 asserted itself. From their freshman year, when Joe Graham was a pitcher and George Cole an outfielder, until their Senior year, when six of the starting nine were Seniors, the 1947 class has made Tiro a baseball power in the county.

In our freshman year the squad won two and lost two. In the tournament Tiro was knocked off in their first game by New Washington, 8 to 3. George Cole gave an indication what to expect from him in the future, by hitting a home run his first time up to bat.

Four Sophomores made the starting nine and helped Tiro to a repetition of the 1943 season. Ken Stephan at shortstop, Edward Pfahler (Who quit school and joined the Marine Corps his junior year) at first base, George Cole in the outfield, and Joe Graham the main pitcher. Graham annexed the first victory of his high school year against New Washington, 2 to 1.

The 1945 season was supposed to be our year. Things started out like that. That spring we defeated Leesville, 8 to 4, and Plymouth, 11 to 6. Chuck Wagner returned to Tiro and became the regular shortstop. Chuck won the batting title that year with a .440 average for the classes first title. Bill Baker played first base and outfield. Walter Burky switched between third base and outfield. Edwin Pfahler helped Baker at first and pitched. George Cole became the regular catcher. Ken Stephan moved to the outfield. Joe Graham pitched or played third. Tiro won its first tournament game by trouncing Sulphur Springs,18 to 10. In the semi-finals Holmes-Liberty easily beat Tiro, 7 to 2. This Tiro had to be content with a tie for third place with Chatfield.

Tiro lost out again in 1946, placing third with Whetstone. Ken Stephan, playing second base and left field, set a new batting record for the school by hitting .667. Ross Eckstein a Sophomore broke into the lineup at second base and his classmate, Glen Burky played right field. A freshman, Bill Wagner replaced his brother at shortstop when Chuck moved to third to replace Edwin Pfahler who quit school early in the season. Chuck Wagner was used as a relief hurler too. Although Tiro won her first two tournament games, they were edged out by Leesville in the semi-finals, 6 to 4.

SPRING SPORTS

With Volleyball, Track, and Baseball on the docket, a heavy Spring schedule Is planned for the athletic teams. Currently the boys are training inside, playing volleyball in preparation for the county tournament April the 11th. We are the defending champions in this sport, and with six of the first ten including three of the starting six, we are favored to repeat this year. The tournament will be held at Sulphur Springs.

Officially track will begin April 14th, but the distance runners and weight men have been working in their spare time for the past week. We have received invitations to the Wesleyan Relays At Delaware, April 26th; and the Clyde Relays, May 10th. The County meet is to be held May 2nd, but to date the place hasn't been chosen.

The pitcher, too, have sneaked in some practice. The training will be carried right along with track. At this time, no baseball games have been scheduled.

BASKETBALL

Since the boys of the class of 1947 did not start playing varsity basketball until their Junior year those years, the Junior and Senior, are the only seasons I shall tell about.

George Cole,Walter Burky,Joe Graham, Bill Baker, Ken Stephan, Chuck Wagner, and Edwin Pfahler were the Juniors who reported to Coach Rev. Stover for basketball. Although the line-up was not too set, Chuck Wagner and George Cole were usually starters. The team had a record of 6 wins and 6 losses. It was the best season a Tiro team has had since the 1943 championship squad. Most satisfying victory for the team was the 25 to 23 verdict over New Washington in the last game of the season. In tournament play Tiro surprised itself and everyone else by blasting Whetstone 55 to 37. The shock must have been too great for they lost to Lykens, the county champions that year, 62 to 35, then bowed again to Sulphur Springs, 35 to 43. The team tied with Whetstone for sixth place in the league with 4 wins against 5 losses. Herman Seibert and Clifford Rheinbolt, both seniors, were the top scorers. George Cole was third with 53, then Chuck Wagner with 34,followed by Walter Burky 13, Edwin Pfahler 10, Ken Stephan 3, Bill Baker and Joe Graham 2 each.

SUCCESSFUL CLIMAX

With six Senior lettermen on the squad, the 1946-1947 season was supposed to be our year. In spite of the 8 won, 8 lost record, it was a good season. We suffered only two bad defeats; to Lykens, 46 to 21, at Lykens, and to Whetstone, 48 to 30, at Whetstone. At the opposite end of the ledger we dropped two heart-breaking decisions. Playing very poorly, Tiro lost to Chatfield, at Chatfield, 25 to 24. This game was lost when Dunn sank a bucket, according to the referee, in the last few seconds. There was considerable argument whether or not the buzzer sounded before the basket. The other close game was at home, when the Alumni edged us, 47 to 46. Johnny Griffeth stole the ball and threw it to Don Sutter who made the winning basket with 5 seconds left. For the first time in four years we landed in the first division with a fourth place berth, with 5 wins and 4 losses in the County League. Holmes-Liberty won the League title with 9 wins.

In the county tournament we drew Chatfield; the team we wanted to draw; in the first game at the tournament. We avenged the former loss with a 33 to 21 victory. New Washington was the next victim on our march to the championship as they fell, 52 to 36. Sulphur Springs, the tournament county favorite, was our next opponent. Sulphur had an impressive record, they had lost only one game, to Holmes-Liberty, 31 to 30, and they held a 17 game win streak, which included 2 victories over us. We ended all of this by utterly curshing them 49 to 19. That was our third victory in four nights.

Lykens was in the tournament finals for the third straight year, having defeated Whetstone, 57 to 43, Mt. Zion, 48 to 32, and Holmes-Liberty; the tournament favorite with Sulphur, 34 to 26. We were determined that they wouldn't win the title three years in a row. Lykens was good but Tiro was a little better, shown by the fact that we won the County Championship, 51 to 46.

At Bascom Arlington ended the season for Tiro with a convincing, 49 to 28, victory. Tiro was behind 13 to 10 at the first quarter, and 24 to 13 at the half. In the third period Tiro rallied and cut 6 points from Arlington's lead to trail at the three-quarter mark, 24 to 29. But in the last period the roof fell in as Arlington outscored us 20 to 4, to win the game easily.

The first five throughout the season was composed of five Seniors; Ken Stephan and Chuck Wagner, forwards, Walter Burky at center, and George Cole and Bill Baker at guards. The second five were; Joe Graham, Ross Eckstein, Elwood Fried, Glen Burky, and Marlin Cole. In the tournament Marlin Cole replaced Stephan at forward.

Several new records were made by this squad. Walter Burky set a new season scoring mark with 167 points in 15 games, made a new mark with 230 points for season and tournament, and he shot the most free throws in season play with 80 and in combined play he shot 119 for a new high. Rutherford Clabaugh, of the 1934 team, which played 12 tournament games, holds the tournament free throw record. George Cole set several new marks too, with his 298 points in three years of varsity ball being a new high, his 34 free throws made in one season and combined total 54 made in tournament and season play a new mark, Chuck Wagner set two records with his 75 goals in one season and combined total of 98 baskets in tournament and season play. The team as a whole set a new high scoring mark for one game, for the season, and combined total for tournament and season play. Their 63 points against Mt. Zion set a single game mark, during the season they marked up 608 counters and in overall play they had 821 points. The teams average of 39.1 per game was a new record too. This team failed to break the 1934 team's mark of 331 points in tournament play.
